Legal Notice

THE STATE OF NEW HAMPSHIRE PUBLIC UTILITIES COMMISSION

DE 08-114

ORDER OF NOTICE

On June 12, 2009, Public Service Company of New Hampshire (PSNH) filed a petition with supporting testimony and attachments requesting approval of its reconciliation of transmission costs and revenues for calendar year 2008, as well as approval of an annual forecasted retail transmission revenue requirement and related costs for the period August 1, 2009 through June 30, 2010. At the time of the filing, PSNH estimates that there will be an increase on August 1, 2009 in the average rate from the current \$0.00935 per kilowatt hour (kWh) to \$0.01195 per kWh. According to PSNH, it will file its calculation of the proposed charges for each class on or before June 19, 2009.

The petition is PSNH's annual reconciliation and rate filing for the transmission cost adjustment mechanism (TCAM) approved by the Commission in Docket No. DE 06-028, Public Service Company of New Hampshire, Order No. 24-750 (May 25, 2007) 92 NH PUC 124. Through the TCAM, PSNH recovers regional network service (RNS) costs, local network service (LNS) costs, reliability costs and scheduling and dispatch (S&D) costs, all of which are approved by the Federal Energy Regulatory Commission (FERC) and charged to PSNH according to FERC-approved tariffs.

The forecast period in this filing is the eleven month period August 2009 through June 2010. The reconciliation period includes actual calendar year 2008 and January through May 2009 costs and revenues, as well as estimated costs and revenues for June and July 2009. The forecast period average TCAM rate is based on PSNH's current budget and forecast data.

PSNH also requested an August 1, 2009 effective date for its mid-term adjustment to energy service rates in Docket No. DE 08-113 and its stranded cost recovery charge rate in DE 08-114. For administrative efficiency, the Commission will hold hearings on each of these three proceedings on the same day; however, each proceeding will be separately noticed.

The filing raises, *inter alia*, issues related to whether the resulting rates are just and reasonable as required by RSA 378:5 and 378:8, whether PSNH's reconciliation and forecasted costs are reasonable and whether the proposed class specific rates are reasonable and consistent with prior Commission orders. Each party has the right to have an attorney represent them at their own expense.

Based upon the foregoing, it is hereby

ORDERED, that a Hearing, pursuant to N.H. Admin. Rules Puc 203.12, be held before the Commission located at 21 S. Fruit St., Suite 10, Concord, New Hampshire on July 2, 2009 at 9:00 a.m., and it is

FURTHER ORDERED, that the sequence of hearings on that date shall be as follows: DE 08-114 (stranded cost recovery charge); DE 08-113 (energy service rate); and DE 09-114, transmission cost adjustment mechanism, and it is

FURTHER ORDERED, that pursuant to N.H. Admin. Rules Puc 203.12, PSNH shall notify all persons desiring to be heard at this hearing by publishing a copy of this Order of Notice no later than June 24, 2009, in a newspaper with general circulation in those portions of the state in which operations are conducted, publication to be documented by affidavit filed with the Commission on or before

the time a bid is offered. The successful bidder(s) will be required to execute a purchase and sale agreement immediately after the close of the bidding. The balance of the purchase price shall be paid within thirty (30) days from the sale date in the form of a certified check, bank treasurer's check or other check satisfactory to Mortgagee's attorney. The Mortgagee reserves the right to bid at the sale, to reject any and all bids, to continue the sale and to amend the terms of the sale by written or oral announcement made before or during the foreclosure sale. The description of the premises contained in said mortgage shall control in the event of an error in this publication.

Dated at Manchester, New Hampshire, on June 9, 2009.
