Re: **DE 09-225 – Granite State Electric Company d/b/a National Grid
Petition for Approval of “GreenUp” Proposal**

Dear Ms. Howland:

On July 1, Granite State Electric Company d/b/a National Grid provided the Commission with information on the pricing of the GreenUp services that will be available to National Grid's customers. Since then, Sterling Planet has changed its price for the GreenUp services that it will make available to the Company's customers. Specifically, Sterling Planet has reduced its price from 2.35 ¢/kWh to 2.25 ¢/kWh. While the Company does not intend to notify the Commission every time a GreenUp provider changes its prices, the Company thought it would be helpful for the Commission to be aware that Sterling Planet's initial price for GreenUp services had changed.

Thank you for your assistance. Please do not hesitate to call if you have any questions.

Very truly yours,

Sarah B. Knowlton
