Dear Ms. Howland,

Attached please find the annual production reports for three customer-sited facilities that were qualified by the New Hampshire Public Utilities Commission to produce either Class I or Class II renewable energy certificates.

As the date of this letter, the revenue grade metering systems were deemed to be present and in good-working order.

The three facilities covered in these reports are:

- Mark Richey Woodworking (Docket #DE 09-132)
- Williams Stone Company, Inc. (Docket #DE 09-240)
- Crimson Solar (Docket #DE 10-145)

If you have any questions or concerns on these reports, please do not hesitate to contact me.

Sincerely yours,
