New Hampshire Public Utilities Commission  
21 S. Fruit Street, Suite 10  
Concord, NH 03301

**Re: Docket No. DE 10-020: Granite State Electric Company d/b/a National Grid  
Default Service Rates; Final Loss Factor Report**

Dear Ms. Howland:

On March 22, 2010, the Commission issued Order No. 25,083 approving Granite State Electric Company d/b/a National Grid's ("National Grid") default service rates. In that order, the Commission required that National Grid submit a report by March 31, 2010 and every quarter thereafter until its Tewksbury meter is replaced providing all power cost re-settlements with ISO-NE relating to measurement or modeling problems linked to the meter.

The purpose of this letter is to notify the Commission that the Tewksbury meter has been replaced with new meters, which were placed in service on November 28 and 29, 2011. As such and in accordance with Order No. 25,083, this report is National Grid's final quarterly report on the Tewksbury meter. For the period beginning October 1, 2011 through November 29, 2011, there were no edits to the Tewksbury meter.

Thank you. Should you have any questions regarding this matter, please do not hesitate to contact me.

Sincerely,

Jinjue Pak
