RE: Union Telephone Company: Add STAR Packages

Dear Ms. Howland:

Enclosed for filing is one original and 2 copies of the letter and the following tariff pages:

Part II, Section 11 Original Sheets 1 & 2

The purpose of this filing is to add STAR Packages to Union Telephone Company's general exchange tariff. The STAR Packages are optional service bundles that include local, long distance, and deregulated services. Each package permits a customer to receive multiple services and features for a discounted flat monthly rate. There are three STAR Package options available: 3 STAR, 4 STAR, and 5 STAR. The proposed effective date of this filing is May 1, 2010

The revenue impact is estimated to be a reduction of \$22,417 in the first year of availability. This impact would equate to a 11% change in annual revenue associated with the customers subscribing to these packages.

Note: Some of the required supporting documents for this tariff filing are being filed as "confidential" under a separate cover letter. Documents included in the confidential filing include a support narrative of the offering, a revenue impact statement for the proposed rate changes, and a cost support document.
