Witness: Terrance J. Large
Request from: Concord Steam Corporation

Question:

Provide all studies or analyses relating to the impact of the PPA on the markets for electricity, capacity, fuel or RECs, or other market impacts for jobs, economic output, gross state product, household earnings and tax revenues.

Response:

PSNH has no studies or analyses related to the impact of the PPA on the markets for electricity, capacity, fuel or RECs.

The impact on jobs, economics output, etc. is described in the testimony of Dr. Shapiro. Attached to this response are the RIMS II work papers that support Dr. Lisa Shapiro's economic impact analyses based on utilization of New Hampshire specific multipliers from the federal government's Regional Input-Output Modeling System (RIMS II). The work papers support estimated impacts for jobs, economic output, gross state product and household earnings.
