Re: DE 10-212, Commercial and Industrial Renewable Energy Rebate Program

To Whom It May Concern:

On October 1, 2010, the Commission approved a commercial and industrial renewable energy rebate program (C&I rebate program) supported by the Renewable Energy Fund created by RSA 362-F 10. *See* Order No. 25,151, dated October 1, 2010. In a memorandum dated November 4, 2013, Staff recommended that the Commission make the following changes to the C&I rebate program:

1. Clarify that the project maximum rebate of \$50,000 is not limited to a single project per address but that multiple projects at a single address or multiple addresses are eligible so long as each project is separately metered;
2. Increase the applicant cap for all projects in the reservation queue from \$200,000 to \$300,000; and
3. Eliminate the installer cap of \$200,000.

Please be advised that the Commission has approved the recommended Staff changes to the C&I rebate program as noted above. Accordingly, the C&I rebate program application forms, Step 1 and Step 2, will be modified to reflect these changes.

Sincerely,

A handwritten signature in blue ink, appearing to read "Debra A. Howland".

Debra A. Howland
Executive Director
