Re: Public Service Company of New Hampshire  
Least Cost Integrated Resource Plan - Docket No. DE 10-261

Dear Ms. Howland:

Enclosed please find seven copies of a redacted version of a document entitled Newington Station Continuing Unit Operation Study: Model System Overview (Model System Overview). This document was prepared by Levitan and Associates, Inc. and was originally filed under a Motion for Protective Order on April 8, 2011. The Commission granted the Motion for Protective Order in Order No. 25,234 (June 14, 2011). In that Order the Commission noted that PSNH had requested confidential treatment of the entire document (Order No. 25,234 at 5).

On October 26, 2011, the Model System Overview was included as a confidential attachment to the Joint Rebuttal Testimony of Richard L. Levitan and Richard L. Carlson (LAI Rebuttal Exh. 7). In the cover letter to that filing, PSNH represented that a redacted version of the Model System Overview would be provided. Although the entire document could be considered confidential given the Commission's Order No. 25,234, PSNH is filing this redacted version.

Thank you for your cooperation in this matter.

Very truly yours,

Gerald M. Eaton  
Senior Counsel
