December***	2012	5,746	6,259	91.8%
January	2013	6,170	6,733	91.6%
<b>12 Month Total</b>		<b>81,268</b>	<b>91,234</b>	<b>89.1%</b>

Note: "Total Calls Answered" include calls answered by a customer service representative (CSR) and calls completed within the Voice Response Unit (VRU). The time to answer is measured once the customer makes a selection to either speak with a CSR or use the VRU.

Note: \*\*revised Call Answering data for October 2012. When the October data was run last month, three (3) outage calls were omitted due to being handled by Upstate NY representatives on behalf of NH. The discrepancy was picked up when compiling the November data and the three outage calls were added in for October. The addition of the three outage calls did not impact the Service Level Performance of 90.7%.

Note: \*\*\*total includes an estimated December VRU Completed call figure of 1,850. Actual data was not available due to issues with extraction. If necessary, an amended report will be filed once the actual data is received to reflect any change in total.
