Re: People's Power & Gas, LLC
Initial Registration to Become a Competitive Electric Power Supplier
DM 11-066

Dear Ms. Howland:

Reference is made to the revised and updated application filings made by People's Power and Gas ("PPG") with the Public Utilities Commission ("Commission") in this docket dated November 26, 2012 and December 21, 2012. Based on further discussions with Commission Staff, PPG has elected to submit a further updated enrollment/terms of service agreement that should replace the earlier versions submitted as Exhibit D to the updated November 26, 2012 and December 21, 2012 registration forms. An original and two copies of this letter and the enclosure are included for the Commission's convenience.

We believe this should be the final change before licensure. PPG looks forward to serving New Hampshire customers in the very near future. Please contact the undersigned if you have any questions.

Very truly yours,
