Please Note:

Resident Power was first started as a division of Freedom Logistics, and has been marketing to residential customers in New Hampshire since March 2011 under that arrangement.

Resident Power Natural Gas and Electric Solutions ("RPNGES") was created in order to separate from Freedom Logistics and create a stand alone legal entity. We now seek an aggregator registration from the state under that name (Resident Power Natural Gas and Electric Solutions, LLC) in order to complete this separation. We will not be soliciting any business under this new entity name until approved to do so by the Commission.

Also, RPNGES will be using the trade name Resident Power, control of which will be transferred to RPNGES from Freedom Logistics.

Our Secretary of State's Approval is already on file with the Commission

If you have any questions please do not hesitate to contact me.

Thank you,

Bart Fromuth
