Re: DM 11-093, Santa Buckley Energy - Natural Gas Supplier Registration

Dear Sir or Madame:

Attached is a supplemental filing to complete the information needed for Santa Buckley Energy, Inc.'s renewal application for your review and acceptance. In our original letter we had asked that the Aggregator meter information be kept confidential and to that end we are supplying a redacted version for your public use.

In addition, you will find that we are providing evidence that we are an approved firm shipper on the Tennessee Gas Pipeline. In a letter to the Commission dated October 8, 2009, we provided documentation to show you that Santa Buckley Energy, Inc. is the same company as Buckley Energy Group, Ltd. We simply made a name change at that time to bring all of our C&I businesses under one name. You will note in the TGP screenshots that they still have us listed as Buckley.

Finally, you received via separate correspondence dated May 6, 2011 that our Surety Bond #992 65 66 was continued in the amount of \$350,000 per Puc 3003.03 (a), based on the number of customers we are currently serving in New Hampshire.

An electronic file of this information has also been sent via e-mail. Please contact me if you need any additional information, or with any questions or concerns you may have.

Sincerely,

A handwritten signature in blue ink that reads "Timothy Costello".

Timothy Costello
Vice President, Natural Gas Division
