Subject: Unitil's mikstake

My name is Daryl Bazydlo I am a Unitil customer in Danville. I think it is absolutely wrong & immoral to allow Unitil to raise our rates for a mistake they made, capitalized off of and now want to make the rest of us who had nothing to do with it pay it back. If you allow this to go through you are no better than them and then you should both be ashamed.

Besides what kind of precedent would this set for other utilities to consider doing the same thing in the future when they screw up.

Don't do this.

Daryl Bazydlo
