Re: DE 11-189, Turn Cycle Solutions  
Request for Certification of Michael Turcotte as an Independent Monitor Pursuant  
to Puc 2505.09

Dear Mr. Turcotte:

On August 29, 2011, Turn Cycle Solutions submitted an application on your behalf seeking certification as an independent monitor for owners of customer-sited sources in New Hampshire that qualify for New Hampshire renewable energy certificates (RECs) pursuant to N. H. Code of Administrative Rules Puc 2505.09.

On September 12, 2011, Staff filed a report on its review of the application and recommended that your application be denied inasmuch as you are a Certified Weatherization Energy Auditor, a qualification that does not meet the requirements contained in Puc 2505.09 (c).

Based on its review of the application and Staff's report, the Commission has determined that you do not meet the requirements for certification as an independent monitor. Accordingly, Turn Cycle Solutions' request for your certification as an independent monitor has been denied without prejudice.

Sincerely,

A handwritten signature in black ink, appearing to read "Debra A. Howland".
