The increase to the rate is as follows: from 1.972 cents, 0.986 cents, and 0.493 cents per kilowatt-hour in addition to the Energy Charge, to 3.579 cents, 1.790 cents, and 0.895 cents per kilowatt-hour for the 100%, 50%, and 25% Renewable Service Options, respectively.

The Commission further ordered that PSNH file a report following the second 12-month period of operation of the Renewable Rate program for the OCA's and Staff's review.
