CHAPTER Puc 1900 RATE CASE EXPENSES

PART Puc 1901 PURPOSE

Puc 1901.01 Purpose.

(a) The purpose of this chapter is, pursuant to RSA 365:8, X, and consistent with the intent of RSA 363:17-a, to ensure equitable reimbursement of rate case expenses, to establish requirements for utilities to properly document and control rate case expenses, and to limit the impact of rate case expenses on ratepayers.

(b) This chapter establishes criteria for determining whether the rate case expenses that have been incurred by a utility are just and reasonable and are in the public interest.

PART Puc 1902 APPLICATION OF RULES

Puc 1902.01 Application of Rules

Edit. no cap (Comment applies here and below.)

Chapter Puc 1900 shall apply to any "Utility" as defined in Puc 1903.07.

PART Puc 1903 DEFINITIONS

Puc 1903.01 "Commission" means the New Hampshire public utilities commission.

Puc 1903.02 "Final Order" means an order of the commission, issued pursuant to RSA 541-A:35, rendering its final determination on permanent rates.

Puc 1903.03 "Full Rate Case" means a proceeding in which a revenue requirement is established for a utility and rates are set to meet that revenue requirement pursuant to PART Puc 1604.

Edit.

Edit. Delete.

Puc 1903.04 "Non-recurring expenses" means those expenses not regularly recurring as part of a utility's operating costs.

Puc 1903.05 "Rate Case Expenses" means those non-recurring expenses incurred by a utility in the preparation or presentation of a full rate case proceeding before the Commission, necessary for the conduct of the rate case.

Puc 1903.06 "Service Provider" means any natural person or legal entity authorized to do business in New Hampshire who provides expert, consulting, administrative, or legal services to a utility and whose services are not already included in the utility's revenue requirement.

Puc 1903.07 "Utility" means any public utility as defined in RSA 362:2 and RSA 362:4.

PART Puc 1904 APPROVAL BY COMMISSION

Puc 1904.01 Approval Required Prior to Recovery. No utility shall recover from its ratepayers any rate case expense unless such expense has first been found by the commission to be just and reasonable and in the public interest and otherwise conforms to the requirements of Chapter Puc 1900.

Puc 1904.02 Criteria for Determining Allowed Rate Case Expenses.

(a) In ruling upon rate case expenses the commission shall determine whether:

(1) An expense is properly recoverable as an allowed rate case expense pursuant to PART Puc 1906;

Edit. Delete.

(2) ~~The expense is~~ an actual, known, and measurable expense associated with a full rate case proceeding as defined in Puc 1903.03; and

(3) Recovery of the expense is just, reasonable and in the public interest.

(b) In making the above determinations, the commission shall consider:

(1) Whether the issues presented are novel or complex;

(2) The cost of the service provided to prepare and present the rate case;

(3) Where appropriate, any information concerning the customary fee for similar services, including the fees rendered in the relevant market to companies of similar size in matters of similar importance to the client;

(4) Whether the work was relevant and reasonably necessary to the rate case proceeding and the extent to which the services contributed to the efficient resolution of matters presented;

(5) Whether the utility used a competitive bidding process, when required, pursuant to Puc 1905.03 and Puc 1905.04, and in selecting a winning bidder considered information concerning the availability, experience, quality and cost of services provided;

(6) The experience and ability of the service provider;

(7) Whether the request for a rate change was reasonable; and

(8) Other factors as may be considered relevant to a particular rate case proceeding.

In considering the items in (b), it is unclear what general criterion must be met in determining that (a)(3) has been met.

Unclear how this is determined. Also, when combined with (a)(3) above, the result is that reasonableness will be used to determine reasonableness.

PART Puc 1905 PROCEDURES FOR FILING FOR RECOVERY OF EXPENSES

Puc 1905.01 Estimated Rate Case Expenses.

Edit

(a) Consistent with the utility's duty to keep the Commission informed pursuant to RSA 374:4, at the time a utility files the materials required for a full rate case pursuant to PART Puc 1604, and every sixty (60) days thereafter during the pendency of the rate case, the utility shall also file with the Commission items (1) through (3) below.
