Plymouth, NH 03264

Re: **DE 12-101** New Hampshire Electric Cooperative, Inc. Certification Application for Class II Eligibility Pursuant to RSA 362-F on behalf of homeowner Susan Linnemayr,

Dear Mr. McNeil:

On April 18, 2012, you submitted applications on behalf of homeowners Timothy Lyons (Lyons), Susan Linnemayr (Linnemayr), Robert Fenton (Fenton), and Benjamin F. Berry (Berry) requesting the Commission grant approval of photovoltaic facilities located at each of their residences to produce Class II, Renewable Energy Certificates (RECs) pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law. On June 18<sup>th</sup> you informed Staff that the Linnemayr array was not 4.32 kilowatts (kW) of electrical production as stated in the secretary letter issued May 17, 2012, but 8.64 kW of electrical production.

The details for this facility are listed in the following table:

Docket #	Facility Owner	Facility Location	Operation Date	Total kW listed in application (DC Arrays)	Effective Date to Produce RECs	NH Certification Code
DE 12-101	Linnemayr	Center Sandwich, NH	03-19-12	8.64	04-18-12	NH-II-12-013

The Linnemayr application contained two interconnection agreements for 4.32 kW of electrical production. Staff didn't recognize these were for two separate systems on the same residential facility. The difference of 4.32 and a total electrical production of 8.64 kW has been noted and updated in the Commission's database.

Sincerely,

A handwritten signature in cursive script, appearing to read "Debra A. Howland".

Debra A. Howland  
Executive Director
