**NEW HAMPSHIRE OPTICAL SYSTEMS, LLC**

**Petition for Investigation into Proposed Charges for Utility Pole Make Ready**

**ORDER OF NOTICE**

On April 24, 2012, New Hampshire Optical Systems, LLC (NHOS) filed a petition for investigation into proposed charges for utility pole make-ready work with the Commission. The petition and subsequent docket filings, other than information for which confidential treatment is requested of or granted by the Commission, will be posted to the Commission's website at <http://www.puc.nh.gov/Regulatory/Docketbk/2012/12-107.html>.

NHOS, a registered competitive local exchange carrier, is in the process of installing approximately 750 miles of fiber-optic cables throughout New Hampshire. As part of that installation, NHOS estimates it will need to attach its cables to approximately 23,000 utility poles. To make room on the poles for NHOS' attachments, the owners of the poles have directed existing third-party attachers to complete the necessary make-ready work by rearranging their facilities. According to NHOS' petition, some of the existing third-party attachers have demanded that their make ready work be performed at excessive rates and that NHOS pay the costs of the work in full prior to the work being performed. NHOS states that despite efforts to reach agreements with these existing third-party attachers no agreements on the costs have been reached and NHOS states that the disagreement over costs for make-ready work threatens its ability to complete its project.

According to NHOS' petition, the costs it has been required to pay are above the actual costs of performing the work, and are not just and reasonable. NHOS' petition also states that some existing third-party attachers are charging fees for services related to poles upon which those attachers have no attached facilities. Accordingly, NHOS requests that "the Commission investigate this matter, and establish the just and reasonable cost for third party make-ready work that is required to accommodate the NHOS pole attachments."

The filing raises, inter alia, issues related to the rates charged by third party attachers for make-ready work; the scope of make-ready work for which an existing third-party attacher may charge; and whether the rates and charges applicable to NHOS should apply to all make-ready work in New Hampshire. Each party has the right to have an attorney represent the party at the party's own expense.

**Based upon the foregoing, it is hereby**

**ORDERED**, that a Prehearing Conference, pursuant to N.H. Code Admin. Rules Puc 203.15, be held before the Commission located at 21 S. Fruit St., Suite 10, Concord, New Hampshire on June 7, 2012 at 10:00 a.m., at which each party will provide a preliminary statement of its position with regard to the petition and any of the issues set forth in N.H. Code Admin. Rules Puc 203.15 shall be considered; and it is

**FURTHER ORDERED**, that, immediately following the Prehearing Conference, NHOS, the Staff of the Commission and any Intervenors hold a Technical Session to review the petition and allow NHOS to provide any amendments or updates to its filing; and it is
