STAFF 2-31: Company Responses To Staff Set 1 Data Requests: Refer to
STAFF 1-38: Is Comcast Digital Voice with unlimited local calling available to
any retail customer served by TDS?

Response:

Petitioners object to Staff Data Request 2-31 on the grounds that the data request seeks information from a third party not under the control of the Petitioners. Subject to and without waiving these objections, the Petitioners will provide information responsive to Staff Data Request 2-31.

Please see response to Staff 1-51. Comcast has initiated discussions regarding interconnection (see response to Patnode 2-29). The Comcast website is unclear as to availability in some locations, however, Petitioners understand Comcast Digital Voice, while perhaps advertised and possibly indicated as available in some of the Petitioners' locations on the Comcast website, is not offered in the Petitioners serving area at this time.

Michael C. Reed is responsible for this response.
