Company Responses  
To Staff Set 1 Data Requests  
September 7, 2007

STAFF 1-65: Reed Testimony, Attachments A-MCT, B-KTC, C-WTC, and D-HTC. Please report annually the percentage shares of costs associated with basic local service and intra-state switched access service respectively in total cost of intrastate service for MCT, KTC, WTC, and HTC respectively for the years 2000-06.

Response:

The Petitioners object to Staff Data Request 1-65 on the grounds that it is vague, unduly burdensome and is not reasonably calculated to lead to the discovery of admissible evidence. In addition, the Petitioners object to Staff Data Request 1-65 on the ground that RSA 374:3-b does not require an analysis of costs. Subject to and without waiving our objection, the Petitioners will provide a response.

Information on the cost associated with basic local service and intra-state switched access service is not available. The Petitioners do not have separate cost of service studies for each service. Please see the Petitioners' response to Patnode 1-4.

Michael C. Reed is responsible for this response.
