Re: DE 12-220, Wagner Forest Management, Ltd. Eligibility Request for Class II Renewable Energy Certificates (RECs) Generated by the 27.6 kilowatt (kW) Photovoltaic Array at 150 Orford Road, Lyme, NH Pursuant to RSA 362-F.

Dear Mr. Novello:

On July 19, 2012, the New Hampshire Public Utilities Commission (Commission) received an application from you requesting certification of your photovoltaic array at Wagner Forest Management, Ltd., (Wagner Forest Management) 150 Orford Roadk, Lyme, NH as a Class II renewable energy source pursuant to RSA 362-F, New Hampshire's Renewable Portfolio Standard law.

Your original application cannot be considered for REC eligibility until the Commission receives the following information:

- A complete list of the equipment used at the facility, including the meter and, if applicable, the inverter;
- The name, license number and contact information of the installer of the applicable generation or solar heating equipment, or a statement that the equipment was installed directly by the customer;
- The name and contact information of the seller of the applicable generation or heating equipment;
- The name and contact information of the independent monitor of the source.

You will find a list of eligible independent monitors at http://www.puc.nh.gov/Sustainable%20Energy/Renewable_Energy_Source_Eligibility.htm;

- A copy of the interconnection agreement pursuant to Puc 307.06. A call to your utility company will make this possible and it provides verification of the system output;
- While the Puc 2500 rules don't require registration with the NEPOOL Generation System (GIS), your facility will need to be registered with the GIS in order to be considered for eligibility. I can process your application without that information, but it usually only takes a phone call and a short process to get your facility listed in the system. Contact information follows:

James Webb
Registry Administrator
APX Environmental Markets
224 Airport Parkway, Suite 600
San Jose, CA 95110
408-517-2174
jwebb@apx.com

Submission of the above modification and verification must be received by the Commission to complete your application. Until such time, it cannot be processed. Please refer to docket number **DE 12-220** in all future correspondence with the Commission.

Your response should include an original and two copies sent to the attention of the Commission's Executive Director:

Debra A. Howland
Executive Director
New Hampshire Public Utilities Commission
21 South Fruit Street, Suite 10
Concord, NH 03301-2429
executive.director@puc.nh.gov

Please also send an electronic copy via email to executivedirector@puc.nh.gov and copy me at Barbara.bernstein@puc.nh.gov. Should you have any questions, please do not hesitate to contact me. My direct line is 603-271-6011. I look forward to working with you.

Sincerely,

Barbara Bernstein
Sustainable Energy Analyst
