**REF: APPLICATION TO RENEW REGISTRATION AS A PROVIDER OF  
ELECTRIC AGGREGATION SERVICES**

Dear Ms. Howland,

Please find enclosed my application to renew my registration as a provider of electric aggregation services in the State of New Hampshire.

In consideration of this renewal, where my application is within the 60 day deadline of expiration of my current registration, per your Code of Administrative Rules 2003.05, I respectfully request that you might grant me a waiver to the missed deadline contained in this rule, to which I was completely unaware. In terms of this timing, I had rather been referring to your prior registration approval letter dated August 9, 2010 (enclosed) which stated a renewal deadline of "on or before July 25, 2012", where I now have been advised that this deadline was subsequently revised on August 26, 2010, some 17 days following the date of your letter. Your positive consideration in this regard would be most appreciated.

I look forward to a favorable review of my renewal application.

Many thanks.

Sincerely,

John Orr

Re: DM 10-187, Notification of US Energy Management Services' Intent to Renew its  
Registration as a Provider of Electric Aggregation Service

Dear Mr. Orr:

This is to confirm that the New Hampshire Public Utilities Commission (Commission) has received US Energy Management Services (USEMS) notice of intent to renew its registration as a provider of electric aggregation service in New Hampshire pursuant to Puc 2003.02. Staff has reviewed the application provided and believes that it meets the requirements of Puc 2003.02. Based on Staff's recommendation and the Commission's review, the Commission approves USEMS' application to renew its registration as a provider of electric aggregation service in New Hampshire.

Please note the following provision of Puc 2003.02 (f): "[E]ach aggregator shall re-file with the commission an up-to-date written notice of intent to provide service as an aggregator every 2 years on or before its original notice anniversary date." USEMS' original notice anniversary date is July 25, 2008 and therefore it is required to re-file an up-to-date written notice on or before **July 25, 2012** if it continues to offer and provide electric aggregation service. In addition, USEMS is subject to the provisions of Puc 2004.03, telephone solicitation of customers, and Puc 2004.07, customer protections provided by aggregators.

If you have any questions regarding these provisions, please contact the Commission. Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in cursive script, appearing to read "Debra A. Howland".

Debra A. Howland  
Executive Director
