David K. Wiesner, Staff Attorney

### *Summary*

On June 16, 2014, the Commission received applications filed by the New Hampshire Electric Cooperative, Inc. (NHEC) requesting Class II eligibility for NHEC member photovoltaic (PV) array expansions<sup>1</sup> and inclusion in the NHEC aggregation<sup>2</sup>. The applicants include: Kim Frase (Frase); Brian M. Morgan (Morgan); Pat Russell (Russell); Steven Olafsen (Olafsen); Ellen Rancourt (Rancourt); Christopher Williams (Williams); David V. Scerra (Scerra); Melanie Ratcliffe (Ratcliffe); James Buckland (Buckland); Adam Hildebrand (Hildebrand); David P. Downs (Downs); Herbert W. Sallet (Sallet); Eckhard Straeter

<sup>1</sup> Pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law, Class II eligibility requires a facility to produce electricity from solar technologies that began operation after January 1, 2006 (RSA 362-F:4, II).

<sup>2</sup> The Commission granted NHEC Independent Monitor status on May 12, 2009 (DE 09-006). On April 9, 2010, the Commission granted NHEC the authority to aggregate customer-sited sources pursuant to Puc 2506 (DE 10-060).

(Straeter); Nathan Mulherin (Mulherin); John David Carmody (Carmody); Dan Lake (Lake); Carol A. Sullivan (Sullivan); Bill Morse (Morse); and David Tofts (Tofts).

The Commission, in a non-adjudicative process, is required to issue a determination of whether a facility meets a particular classification within 45 days of receipt of a completed application. The above-named customer-sited PV facilities were previously approved for operation by NHEC and have since expanded the size of their PV facilities. The above-listed facilities all meet the Class II eligibility requirements under RSA 362-F:4, II. Based on review of the applications, Staff recommends that the Commission certify the system expansions for the above-listed facilities as eligible for Class II RECs to be included as part of the NHEC aggregation, effective as of the respective dates listed in Attachment I hereto.

### *Overview*

Details for the facilities are listed in Attachment I hereto. The NEPOOL-GIS facility code for all facilities included in the NHEC aggregation is NON 32900. These facilities are customer-sited sources and therefore:

- The ISO New England asset identification number is not applicable;
- The output is not recorded in the ISO New England Market Settlement System; and,
- The output must be monitored and verified by an independent monitor (Puc 2505.09).

In addition to reporting each source's output to the Commission, NHEC will include the total output of these facilities when it reports the total output of all of its Class II eligible facilities, under the name *NHEC Class II Aggregation*, to the NEPOOL Generation Information System.

As the local distribution utility, NHEC provided copies of the approved interconnection agreements for these expanded facilities. In addition, signed attestations approving the installation, operation and conformance with any applicable building codes were provided for each facility.

### *Recommendation*

Staff has reviewed NHEC's applications for the expanded photovoltaic arrays located at the above-named facilities and can affirm that all are complete pursuant to Puc 2505.08. Staff recommends that the Commission certify the Frase, Morgan, Russell, Olafsen, Rancourt, Williams, Scerra, Ratcliffe, Buckland, Hildebrand, Downs, Sallet, Straeter, Mulherin, Carmody, Lake, Sullivan, Morse, and Tofts expanded PV arrays as Class II REC eligible facilities to be included as part of the NHEC aggregation, effective as of the respective dates listed in Attachment I hereto.

Attachment I: NHEC Nameplate Capacity Additions 06-09-12 through 12-02-13

Docket #: 13-014-1      Printed: July 21, 2014

**FILING INSTRUCTIONS:**

- a) Pursuant to N.H. Admin Rule Puc 203.02 (a), with the exception of Discovery, file 7 copies, as well as an electronic copy, of all documents including cover letter with: DEBRA A HOWLAND  
EXEC DIRECTOR  
NHPUC  
21 S. FRUIT ST, SUITE 10  
CONCORD NH 03301-2429
- b) Serve an electronic copy with each person identified on the Commission's service list and with the Office of Consumer Advocate.
- c) Serve a written copy on each person on the service list not able to receive electronic mail.
