Concord, N.H. 03301-2429

Re: IR 13-038 Stakeholder Review of New Hampshire Utility Assessment

Dear Ms. Fabrizio:

This letter is the response of Tech Valley Communications (TVC) to Staff discovery requests in the above-named docket.

TVC was duly registered with the Commission as a competitive local exchange provider in New Hampshire in 2012. In that role TVC will file annual reports and pay utility assessments. Accordingly, TVC is a stakeholder and wishes to participate in the Commission's review.

TVC is in the process of establishing its plan for investment in infrastructure in New Hampshire and development of products. Since this proceeding could substantially increase the cost of operating in the state, TVC wishes to be involved in order to assess the climate for future investment in infrastructure and offerings.

Please add me on the service list for this docket; my email is [kmullholand@techvalleycom.com](mailto:kmullholand@techvalleycom.com). As a discovery response, this letter is being supplied via email.

Sincerely,

A handwritten signature in black ink that reads "Kath Mullholand". The signature is fluid and cursive, with the first letters of each word being capitalized and prominent.

Kath Mullholand  
Director of Regulatory Affairs
