RE: Electric Aggregator Application

Dear Ms. Howland

Energy New England, LLC hereby files its Notice of Intent to register as an Aggregator/Broker of electricity pursuant to PUC 2003.04(a) and as such provides the enclosed application and supporting documentation for the review and consideration of the Commission.

Although Energy New England's originally filed for a renewal of the registration granted under DM 09-133, asking for understanding by the commission that our delay to file the renewal was caused by simple oversight, we now amend our request under DM13-044 to be a new registration. Further, during this interim period we were not actively pursuing clients in New Hampshire. As such, we ask that the Commission grant our application.

Should you require any additional information, please do not hesitate to contact either myself at 508-698-1215 or Gary Cunningham at 508-698-1250.

Respectfully

Energy New England, LLC
dba ENE Energy New England
