Re: Solar Farm Bank, LLC's Certification Applications for Class II New Hampshire  
Renewable Energy Certificate (REC) Eligibility on Behalf of the Following Entities  
Pursuant to RSA 362-F:

DE 13-053 Frase Electric LLC – Town of Sandwich  
DE 13-054 Tim McKinney  
DE 13-055 MainStreet Properties of Warner, LLC  
DE 13-056 Steven DiDomenico

Dear Mr. Hirsh:

On February 21, 2013, you submitted applications on behalf of Frase Electric, LLC (Frase Electric), Tim McKinney (McKinney), MainStreet Properties of Warner (MainStreet Properties), and Steven DiDomenico (DiDomenico) requesting that the Commission grant approval of photovoltaic facilities at each of these locations to produce Class II, Renewable Energy Certificates (RECs) pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law. Staff has reviewed these applications and has recommended approval of the above-named applicants' photovoltaic arrays as eligible to be aggregated by the Solar Farm Bank for Class II RECs effective February 21, 2013.

Since these facilities are customer-sited sources, the output is not recorded in the New England Power Pool Market Settlement System and, as a result the output must be monitored and verified by an independent monitor. Your application states that Paul Button will monitor the facilities' output as required by N.H. Code of Administrative Rules Puc 2505.08 and 2505.09. These facilities' total output will also be included in Mr. Button's total output reported to the NEPOOL Generation Information System as approved by the Commission on June 06, 2010.

DE 13-056	DiDomenico	Nashua	.0048	02-21-13	NH-II-13-025

The Commission has determined that Solar Farm Bank has provided all the information necessary to demonstrate these facilities' eligibility for certification and hereby certifies the Frase Electric, McKinney, MainStreet Properties, and DiDomenico photovoltaic arrays as eligible to be aggregated by the Solar Farm Bank for Class II RECs effective February 21, 2013.

Sincerely,
