Exhibit No.	10
Witness	SHall, SMullen, G Siwinski
DO NOT REMOVE FROM FILE	

Parties that the content of the written testimony filed on behalf of any of the parties is accurate or what weight, if any, should be given to the views of any witness. The identification of the resolution of any specific issue in this Agreement does not indicate any of the Settling Parties' agreement to such resolution for purposes of any future proceeding, nor does the reference to any other document bind the Settling Parties to the contents of, or recommendations in, such document for purposes of any future proceeding. The Commission's approval of the recommendations in this Agreement shall not constitute a determination or precedent with regard to any specific adjustments, but rather shall constitute only a determination that the income requirement and rates resulting from this Agreement are just and reasonable. Furthermore, in light of the fact that they have entered into this Agreement, the Settling Parties have agreed to forego cross-examining witnesses regarding their pre-filed testimony and, therefore, the admission into evidence of any witness's testimony or supporting documentation shall not be deemed in any respect to constitute an admission by any party to this Agreement as to the validity of any allegation or contention in this proceeding, except that the sworn testimony of any witness shall constitute an admission by such witness.

This Agreement may be executed by facsimile and in counterparts, each of which shall be deemed to be an original, and all of which, taken together, shall constitute one agreement binding on all parties hereto.
