**Re: Notice of U.S. Energy Services, Inc.
Docket DM 13-110**

Dear Ms. Howland,

On April 30, 2013 the New Hampshire Public Utilities Commission approved the registration of U.S. Energy Services, Inc. to provide electric aggregation service in New Hampshire in the above referenced docket. Pursuant to New Hampshire Code of Administrative Rules Puc 2003.04(j), each aggregator "shall notify the commission of any changes to the information required in this section within 30 days following the effective date of the change."

In an abundance of caution, U.S. Energy Services hereby provides notice to the Commission that on August 1, 2013, World Fuel Services, Inc. ("WFSI"), a wholly owned subsidiary of World Fuel Services Corporation ("WFSC") acquired all of the outstanding capital stock of U.S. Energy. WFSC is a Fortune 100 company based in Miami, Florida and is a global leader in the downstream marketing and financing of aviation, marine, and ground transportation fuel products and related services. WFSC is not otherwise engaged in the sale of electricity or natural gas at retail.

The acquisition of U.S. Energy Services by WFSI does not impact the basis upon which the Commission approved U.S. Energy Services' registration as provider of electric aggregation service. U.S. Energy Services will operate as a wholly-owned subsidiary of WFSI and will continue to serve as an energy management and consulting company that acts primarily as an agent for its customers. U.S. Energy Services will continue to maintain the managerial, technical and financial capability necessary to serve as a reliable electric Aggregator. Furthermore, the leadership and management team remains intact at U.S. Energy Services. In addition, the change in upstream ownership will not in any manner impact U.S. Energy Services' commitment to complying with applicable rules and requirements of the Commission.

Should you have any questions regarding this Notice or require additional information, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Michael Auger', written over a blue ink stamp of the name.

Michael Auger
General Counsel
U.S. Energy Services Inc.
