Cast Iron/Bare Steel Replacement Program Results

ORDER OF NOTICE

On May 15, 2013, EnergyNorth Natural Gas, Inc. d/b/a Liberty Utilities (Liberty) filed with the Commission its fiscal year 2013 (April 1, 2013 – March 31, 2013) Cast Iron/Bare Steel (CIBS) Replacement Program Results. As a result of work completed in fiscal year 2013, Liberty seeks a permanent increase in its base distribution rates of \$157,667 effective for usage on and after July 1, 2013. The program results and request for a rate increase are filed pursuant to the merger settlement agreement in Docket No. DG 06-107 approved by the Commission in *National Grid plc, et al.*, Order No. 24,777 (July 12, 2007), and also pursuant to the settlement agreement in Docket No. DG 11-040 approved by the Commission in *National Grid USA, et al.*, Order No. 25,370 (May 30, 2012). The petition and subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, will be posted to the Commission's website at <http://www.puc.nh.gov/Regulatory/Docketbk/2013/13-149.html>

The filing contained the following information: (1) a report on actual cast iron/bare steel capital spending for fiscal year 2013; (2) a proposed \$157,667 increase in the annual revenue requirement to be recovered through distribution rates effective for usage on and after July 1, 2013; and (3) an explanation of differences from the fiscal year 2013 budget.

In the attachments supporting the filing, Liberty calculated that the requested \$157,667 increase to its annual revenue requirement would result, on an overall bill basis, in an increase to

residential heating customers of \$1.25 for a customer using 1,250 therms per year, representing a 0.08 percent increase.

The filing raises, *inter alia*, issues related to whether Liberty's filing conforms to the requirements of the pertinent settlement agreements, whether Liberty has appropriately accounted for the costs of the CIBS replacement program, whether Liberty's CIBS-related forecasts, budgets and actual expenditures are reasonable and appropriate, whether Liberty has applied appropriate cost-control methodologies to its CIBS replacement program planning and construction work, matters related to "road degradation" fees assessed by certain New Hampshire municipalities located in Liberty's service area, road-resurfacing related "carry-over" costs, and whether the resulting rates are just and reasonable as required by RSA 378:5 and 378:8. Each party has the right to have an attorney represent the party at the party's own expense.

Based upon the foregoing, it is hereby

ORDERED, that a hearing be held before the Commission located at 21 S. Fruit St., Suite 10, Concord, New Hampshire on June 14, 2013 at 1:00 p.m.; and it is

FURTHER ORDERED, that pursuant to N.H. Admin. Rules Puc 203.12, Liberty shall notify all persons desiring to be heard at this hearing by publishing a copy of this Order of Notice no later than May 24, 2013, in a newspaper with general circulation in those portions of the state in which operations are conducted, publication to be documented by affidavit filed with the Commission on or before June 11, 2013; and it is

FURTHER ORDERED, that pursuant to N.H. Admin. Rules Puc 203.17, any party seeking to intervene in the proceeding shall submit to the Commission seven copies of a Petition to Intervene with copies sent to Liberty and the Office of the Consumer Advocate on or before

June 11, 2013, such Petition stating the facts demonstrating how its rights, duties, privileges, immunities or other substantial interest may be affected by the proceeding, as required by N.H. Admin. Rule Puc 203.17 and RSA 541-A:32,I(b); and it is

FURTHER ORDERED, that any party objecting to a Petition to Intervene make said Objection on or before June 14, 2013.

By order of the Public Utilities Commission of New Hampshire this seventeenth day of May, 2013.
