and DE 13-166  
New Hampshire Electric Cooperative, Inc.  
Certification Applications for Class II Eligibility Pursuant to RSA 362-F

Dear Mr. McNeil:

On June 05, 2013, you submitted applications on behalf of New Hampshire entities Larry Chase (Chase), Larry E. Matty (Matty), Doug McLane (McLane), Gregor E. Fellers (Fellers), Kurt Gergler (Gergler), Richard Paquin (Paquin) and Andy Prokosch (Prokosch) requesting that the Commission grant approval of their photovoltaic facilities to produce Class II, Renewable Energy Certificates (RECs) pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law. Staff has reviewed these applications and has recommended approval of the above-named applicants' photovoltaic arrays as eligible for Class II RECs effective June 05, 2013.

Since these facilities are customer-sited sources, the output is not recorded in the New England Power Pool Market Settlement System and, as a result the output must be monitored and verified by an independent monitor. Your application states that NHEC will monitor the facilities' output as required by N.H. Code of Administrative Rules Puc 2505.08 and 2505.09. These facilities' total output will also be included in the *NHEC Class II Aggregation*'s total output reported to the NEPOOL Generation Information System as approved by the Commission on April 9, 2010.

The details for these facilities are listed in the following table:

Docket #	Facility Owner	Facility Location	Total MW listed in application (DC Arrays)	Effective Date to Produce RECs	NH Certification Code
DE 13-157	Chase	East Andover	0.002	06-05-13	NH-II-13-050
DE 13-161	Matty	Sanbornton	0.0042	06-05-13	NH-II-13-051
DE 13-162	McLane	Plymouth	0.00456	06-05-13	NH-II-13-052
DE 13-163	Fellers	Grafton	0.0059	06-05-13	NH-II-13-053
DE 13-164	Gergler	Sunapee	0.00513	06-05-13	NH-II-13-054
DE 13-165	Paquin	Pike	0.0049	06-05-13	NH-II-13-055
DE 13-166	Prokosch	Andover	0.0049	06-05-13	NH-II-13-056

The Commission has determined that NHEC has provided all the information necessary to demonstrate these facilities' eligibility for certification and hereby certifies the above named photovoltaic arrays as eligible for Class II RECs effective June 05, 2013.

Sincerely,

Debra A. Howland  
Executive Director
