SUBJECT: DM 13-185 XOOM Energy New Hampshire, LLC
Registration to Become Competitive Electric Power Supplier

NHPUC 27AUG13PM3:01

TO: Commission
Debra Howland, Executive Director

On July 2, 2013, XOOM Energy New Hampshire, LLC (XOOM Energy) filed an application to register as a competitive electric power supplier (CEPS). On August 13, 2013 the company submitted its certificate from the Secretary of State. On August 14, 2013, XOOM Energy filed revisions to the terms and conditions of its proposed customer contract. On August 21, 2013, the company filed an amendment to its letter of credit.

Staff has reviewed the information in the application and believes it meets the requirements of Puc 2006.02. XOOM Energy provided documentation that demonstrates it has completed EDI testing with PSNH. Staff, therefore, recommends the Commission approve XOOM Energy's application to register as a CEPS and that it permit the company to operate only in the service area of PSNH.

If XOOM Energy seeks to operate in the service areas of other distribution utilities it can do so by filing a request, with the Commission, to extend its service territory, and by providing proof that it has completed EDI testing with each distribution utility in whose service area it requests to operate. Staff will then review the request and make its recommendation to the Commission.
