Re: DM 13-234, Technology Resource Solution, Inc.  
Application to Register as Provider of Electric Aggregation Service  
Deficiency Letter

Dear Ms. Rowen:

On August 8, 2013, Technology Resource Solution, Inc. (Technology Resource) submitted an application with the Commission to register as a provider of electric aggregation service. The application is incomplete and does not comply with the requirements of N.H. Code Admin. Rule Puc 2003. Staff of the Commission reviewed your filing and identified the following item which is missing from your application.

- 1) Statement that the applicant is not representing any supplier or a list of suppliers the applicant intends to represent.

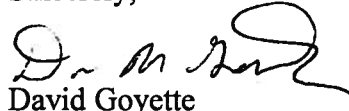

*Puc 2006.02 Form for Initial and Renewal Registration of Aggregators.  
(7) A statement that the applicant is not representing any supplier interest  
or a listing of any supplier interest the applicant intends to represent.*

Staff did note that on your application you stated, "Technology Resource Solutions is not representing the interest of any *natural gas* supplier." This response, however, does not indicate whether or not Technology Resource is representing any electric supplier interest.

To complete your application you should respond to the issue listed above. When sending your response, address your letter to Debra Howland, Executive Director, and

reference the docket number listed on the subject line of this letter.

Sincerely,

A handwritten signature in black ink, appearing to read 'D. M. Goyette', with a stylized flourish at the end.

David Goyette  
Utility Analyst III
