Re: DE 13-240, and DE 13-241, Solar Farm Bank, LLC's Certification Applications for Class II New Hampshire Renewable Energy Certificate (REC) Eligibility Pursuant to RSA 362-F on Behalf of the Following: Thomas Scanlon and Robert Wyatt

Dear Mr. Hirsh:

On August 15, 2013, the Commission received applications on behalf of Thomas Scanlon (Scanlon) and Robert Wyatt (Wyatt) from Solar Farm Bank requesting Commission approval for Class II New Hampshire REC eligibility for the Scanlon and Wyatt photovoltaic (PV) arrays pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law. Certification of these facilities will enable Solar Farm Bank to add these facilities to its aggregation pursuant to Puc 2506.01 and recognized by the Generation Information System (GIS) under NON 35889.

Staff has reviewed the Scanlon and Wyatt applications and has recommended approval of the above-named applicants' PV arrays as eligible to be aggregated by the Solar Farm Bank for Class II RECs effective August 15, 2013, the date Staff was able to determine that the applications were complete.

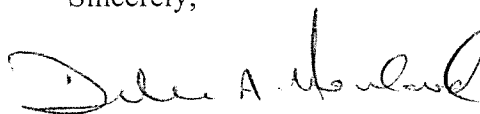

Since these facilities are customer-sited sources, their output is not recorded in the ISO New England Market Settlement System and, as a result must be monitored and verified by an independent monitor. The applications state that Paul Button, Energy Audits Unlimited, will monitor the facilities' output pursuant to N.H. Code of Administrative Rules Puc 2505.08 and 2505.09. Mr. Button will report these facilities' total output annually to the customer, the Commission and the NEPOOL Generation Information System as part of the Solar Farm Bank's Class II aggregation pursuant to Puc 2505.09(h)(3).

The details for these facilities are listed in the following table.

Commission Assigned Docket #	Facility Owner	Facility Location	Total MW listed in application	Effective Date to Produce RECs	NH Certification Code
DE 13-240	Scanlon	West Lebanon	0.011	August 15, 2013	NH-II-13-085
DE 13-241	Wyatt	Concord	0.0098	August 15, 2013	NH-II-13-086

The Commission has determined that Solar Farm Bank has provided all the information necessary to demonstrate these facilities' eligibility for certification and hereby certifies the Scanlon and Wyatt PV arrays as eligible to be aggregated by the Solar Farm Bank for Class II RECs effective August 15, 2013.

Sincerely,

A handwritten signature in black ink, appearing to read "Debra A. Howland". The signature is fluid and cursive, with the first name "Debra" being more prominent.

Re: DE 13-240 and DE 13-241 , Solar Farm Bank, LLC's Certification Applications for Class II
New Hampshire Renewable Energy Certificate (REC) Eligibility Pursuant to RSA 362-F
on Behalf of the Following: Thomas Scanlon and Robert Wyatt

Dear Mr. Webb:

Please be advised that, pursuant to RSA 362-F, the New Hampshire Public Utilities Commission has certified Solar Farm Bank's aggregation of the Thomas Scanlon (Scanlon) and Robert Wyatt (Wyatt) photovoltaic facilities.

Accordingly, Solar Farm Bank is eligible to be issued Class II RECs, effective August 15, 2013 for Scanlon and Wyatt. The following table summarizes the new additions to the Solar Farm Bank aggregation.

Docket #	Facility Name	Facility Location	Total MW	Effective Date to Produce Class II RECs	NH Certification Code
DE 13-240	Scanlon	West Lebanon	0.011	August 15, 2013	NH-II-13-085
DE 13-241	Wyatt	Concord	0.0098	August 15, 2013	NH-II-13-086

The New Hampshire certification code for the Solar Farm Bank aggregation is NH-II-13-010.

Sincerely,

A handwritten signature in cursive script, appearing to read "Debra A. Howland".

Debra A. Howland
Executive Director and Secretary
