Re: Application for Certification as REC Eligible Facilities - Knollwood Energy of MA LLC

DE 14-080	Dan Watts
DE 14-097	Barrington Power, Rochester Truck Repair
DE 14-098	Barrington Power, White Mountain Pools
DE 14-099	Richard Binder
DE 14-100	Harry O Electrical Corporation

Dear Ms. Lakritz:

On March 24, 2014, the Commission received an application filed by Knollwood Energy of MA, LLC¹ (Knollwood Energy) for the Dan Watts (Watts) residential photovoltaic (PV) facility. Information required to complete the application was received May 5, 2014, in an email correspondence from Michael Motta of Public Service Company of New Hampshire (PSNH). Additional applications were received from Knollwood on April 11, 2014, for Barrington Power, Rochester Truck Repair (Rochester Truck Repair); Barrington Power, White Mountain Pools, (White Mountain Pools); Richard Binder (Binder); and, Harry O Electrical Corporation (Harry O Electrical). The Rochester Truck Repair, White Mountain Pools, Binder, and Harry O Electrical applications were complete as submitted.

Knollwood Energy is requesting Class II New Hampshire Renewable Energy Certificate (REC) eligibility for these entities' photovoltaic (PV) arrays pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law² and inclusion in the Knollwood Energy aggregation.

The above-named facilities are customer-sited sources and meet the Class II eligibility requirements under RSA 362-F:4, II. Based on review of the applications, Staff recommended

¹ The Commission approved Knollwood Energy of MA, LLC as an aggregator of RECs on November 12, 2013, DE 13-256.

² Class II eligibility requires a facility to produce electricity from solar technologies that began operation after January 1, 2006 (RSA 362-F:4, II).

Commission approval for the Watts, Rochester Truck Repair, White Mountain Pools, Binder, and Harry O Electrical PV facilities as eligible Class II facilities to be included in the Knollwood Energy aggregation. The Watts PV facility is eligible effective May 5, 2014; Rochester Truck Repair, White Mountain Pools, Binder, and Harry O Electrical facilities are eligible Class II facilities to be included in the Knollwood Energy aggregation, effective as of April 11, 2014.

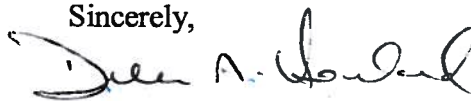

Because these facilities are customer-sited sources, their output is not recorded in the ISO New England Market Settlement System and, as a result, must be monitored and verified by an independent monitor. The applications list Paul Button of Energy Audits Unlimited as the independent monitor for all of these facilities. The independent monitor's responsibility is to verify the facility's output pursuant to N.H. Code of Administrative Rules Puc 2505.08 and 2505.09. Mr. Button will report these facilities' total output annually to the customer and to the Commission. The monthly output will be reported quarterly to the NEPOOL Generation Information System as part of Knollwood Energy's Class II aggregation pursuant to Puc 2505.09(h)(3).

Details for these facilities are listed in the following table.

Docket #	Facility Name	Facility Location	Total MW	Effective Date to Produce Class II RECs	GIS Facility Code	NH Certification Code
DE 14-080	Watts	Warner	0.006	05-05-14	NON 39487	NH-II-14-048
DE 14-097	Rochester Truck Repair	Rochester	0.0444	04-11-14	NON 40053	NH-II-14-049
DE 14-098	White Mountain Pools	Somersworth	0.0342	04-11-14	NON 40052	NH-II-14-050
DE 14-099	Binder	Nashua	0.006	04-11-14	NON 39981	NH-II-14-051
DE 14-100	Harry O Electrical	Loudon	0.012	04-11-14	NON 39983	NH-II-14-052

The Commission has determined that Knollwood Energy has provided all the information necessary to demonstrate eligibility for certification and hereby certifies the Watts PV array as eligible to be aggregated by Knollwood Energy for Class II RECs effective May 5, 2014; the Rochester Truck Repair, White Mountain Pools, Binder, and Harry O Electrical facilities are eligible effective April 11, 2014.

Sincerely,

Debra A. Howland
Executive Director

Re: Application for Certification as REC Eligible Facilities – Knollwood Energy of MA LLC

- DE 14-080 Dan Watts
- DE 14-097 Barrington Power, Rochester Truck Repair
- DE 14-098 Barrington Power, White Mountain Pools
- DE 14-099 Richard Binder
- DE 14-100 Harry O Electrical Corporation

Dear Mr. Webb:

Please be advised that, pursuant to RSA 362-F, the New Hampshire Public Utilities Commission has certified the Dan Watts (Watts) PV array as eligible to be aggregated by Knollwood Energy for Class II RECs effective May 5, 2014. In addition, the Barrington Power, Rochester Truck Repair (Rochester Truck Repair); Barrington Power, White Mountain Pools, (White Mountain Pools); Richard Binder (Binder); and, Harry O Electrical Corporation (Harry O Electrical) PV facilities are eligible effective April 11, 2014.

Accordingly, Knollwood Energy is eligible to be issued Class II RECs for these facilities as listed in the following table.

Docket #	Facility Name	Facility Location	Total MW	Effective Date to Produce Class II RECs	GIS Facility Code	NH Certification Code
DE 14-080	Watts	Warner	0.006	05-05-14	NON 39487	NH-II-14-048
