**Re: DE 14-216 Electric and Gas Utilities  
2015-2016 CORE NH Electric and Gas Energy Efficiency Programs**

Dear Ms. Howland:

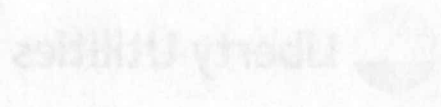

On behalf of Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Utilities (“Liberty” or the “Company”), I am writing to inform the Commission, as detailed in Section IV.C of the 2015-2016 New Hampshire Statewide CORE Energy Efficiency Plan approved by the Commission in its Order No. 25,747 dated December 31, 2014 in Docket DE 14-216, of the Company’s intention to transfer funds within the residential sector of its CORE gas energy efficiency programs in order to meet year-end demand for its ENERGY STAR Homes program.

Specifically, the Company intends to transfer \$14,000 into the ENERGY STAR Homes program from the Home Performance with ENERGY STAR program. Table 1 outlines the specific program budget transfer and its impact on each respective program’s budget. As shown, each of the program transfers constitutes less than 20% of their respective program budgets.

Table 1. Budget Transfer				
Program	Original Budget	20% Cap	Amount Transferred To/(From)	% Transferred
ENERGY STAR Homes	\$85,000	\$17,000	\$14,000	16%
Home Performance with ENERGY STAR	\$645,815	\$129,163	(\$14,000)	-2%

In a letter dated December 15, 2016 filed with the Public Utilities Commission, the Company previously transferred \$84,000 from the Home Performance with ENERGY STAR program into the Home Energy Assistance program, which constituted 13% of the Home Performance with ENERGY STAR program budget. The additional transfer from the Home Performance with ENERGY STAR program into the ENERGY STAR Homes program adjusts the total percentage of budget transferred out of the Home Performance with ENERGY STAR program in 2016 from 13% to 15%.
