Executive Director and Secretary  
New Hampshire Public Utilities Commission  
21 S. Fruit Street, Suite 10  
Concord, New Hampshire 03301

**Re: Docket No. DE 14-238, Determination Regarding PSNH's Generation Assets  
Environmental Assessments**

Dear Director Howland:

In the July 9, 2015, "Stipulation" filed by the parties, Public Service Company of New Hampshire ("PSNH") agreed to perform Phase I environmental assessments of all its physical generation assets and to provide those completed assessments to all the parties. In accordance with the procedural schedule, as amended, PSNH has completed the required assessments.

PSNH has provided and discussed these environmental reviews with the N.H. Department of Environmental Services ("DES"). DES has made arrangements to post all of PSNH's documents on its "OneStop" data and information database at the weblinks provided in the Attachment hereto.

Due to the volume of material that comprise these environmental assessments and the availability of the material from the DES's OneStop site, PSNH is submitting two copies to the Commission. Similarly, due to the size of the resulting electronic files, PSNH is not emailing the files to the parties as the parties may access the material from the DES's OneStop database via the live weblinks provided in the Attachment.

Please let me know if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Bersak", written over a horizontal line.

Robert A. Bersak  
Chief Regulatory Counsel
