Re: DT 14-345, Comcast Request for Waiver of Neustar Denial of Numbering Resources

Dear Mr. Auerbach:

Comcast Phone of New Hampshire (Comcast) has petitioned the New Hampshire Public Utilities Commission (Commission) to grant a waiver of Neustar's decision to deny Comcast's request for numbering resources required for a customer. Comcast, which has OCN number 4112, submitted the request for numbering resources to Neustar on November 17, 2014, which was denied based on Comcast's utilization of existing numbers in the exchange. According to Comcast, it cannot fulfill the customer's request with existing numbers.

Pursuant to the FCC's Numbering Resources Optimization Third Report and Order and Second Order on Reconsideration (FCC 01-362) Appendix A, Final Rules 52.15(g)(4) a state commission may overturn Neustar's decision to withhold numbering resources from a carrier if the state commission determines that the carrier has "demonstrated a verifiable need for numbering resources and has exhausted all other remedies."

The Commission staff has reviewed the petition and recommended a waiver for the request be granted. The Commission has found good cause exists, in this instance, to grant Comcast's petition for a waiver and requests that the Pooling Administrator provide the numbering resources requested by Comcast.

Sincerely,

A handwritten signature in dark ink, appearing to read "Debra A. Howland".

Debra A. Howland  
Executive Director
