SUBJECT: DE 14-350, Twin State Engineering, Registration for Roger M. Thibodeau, P.E. as an Independent Monitor of Useful Thermal Energy Production
Staff Recommends Approval

TO: Chairman Martin P. Honigberg
Commissioner Robert R. Scott
Debra A. Howland, Executive Director and Secretary

CC: David K. Wiesner, Staff Attorney 

Summary

On December 8, 2014, the Commission received an application from Twin State Engineering, requesting that Roger M. Thibodeau, P.E. be approved as an independent monitor for useful thermal energy production. As an independent monitor, Mr. Thibodeau will be authorized to verify useful thermal energy production for New Hampshire-based sources qualifying for renewable energy certificates (RECs). Staff recommends that the Commission grant this request pursuant to Puc 2505.09.

Analysis

An independent monitor who verifies useful thermal energy production is required to be a professional engineer licensed by the State of New Hampshire and in good standing, or to hold one of the other certifications specified in N.H. Code Admin. Rules Puc 2505.09(d). As a licensed professional engineer in the State of New Hampshire, Mr. Thibodeau qualifies as an independent monitor for useful thermal energy production.

Puc 2505.09(e) requires an applicant seeking to be approved as an independent monitor to file an application with the Commission that includes:

1. *The name of the applicant.* The applicant is Roger M. Thibodeau, P.E., Twin State Engineering.
2. *The business address of the applicant.* The business address for Twin State Engineering is P.O. Box 1260, 49 Elm Street, Charlestown, NH 03603.
3. *A copy of the license issued by the state of New Hampshire or such other qualifying certification as may be applicable.* A copy of the professional engineer license in the State of New Hampshire issued for Roger M. Thibodeau, P.E. was provided with the application.

4. *A description of how the applicant will be compensated for its services.* Mr. Thibodeau will be compensated at a rate of \$125.00 per hour. Travel expenses will be charged at \$0.66 per mile. The independent monitor shall not receive compensation for monitoring services that is a function of the number of certificates issued to any source using the independent monitor.¹

No source producing useful thermal energy shall use an independent monitor who is a member of the immediate family of the owner of the source, holds a direct or indirect ownership interest in the source, or who sold or installed the renewable energy system and associated equipment.²

The duties of the independent monitor of useful thermal energy production shall be:

1. To perform an initial inspection of the source's meters for accuracy and capability to measure the useful thermal energy produced, unless the meter is owned by a distribution utility that has already inspected it pursuant to Puc 305;
2. To measure quarterly the source's useful thermal energy production used to qualify for certificates pursuant to the NEPOOL-GIS operating rules; and
3. To report the production of useful thermal energy from the source and the REC calculation to the customer, to the GIS quarterly in accordance with the GIS operating rules, and to the Commission annually no later than January 31 for the preceding year.³

An independent monitor shall provide the Commission with notice prior to discontinuing services as an independent monitor.⁴

Recommendation

Staff has reviewed the application to qualify Roger M. Thibodeau, P.E. as an independent monitor of useful thermal energy production and can attest that the applicant has provided the information necessary to demonstrate that he meets the requirements set forth in Puc 2505.09. Therefore, Staff recommends that the Commission approve Mr. Thibodeau as an independent monitor of useful thermal energy production, pursuant to Puc 2505.09.

¹ Pursuant to Puc 2505.09(j).

² Pursuant to Puc 2505.09(g).

³ Pursuant to Puc 2505.09(i).

⁴ Pursuant to Puc 2505.09(k).
