Re: DG 15-121, Northern Utilities, Inc. Request for Hearing

Dear Ms. Howland:

By letter dated August 11, 2015, Northern Utilities, Inc. filed direct testimony for four witnesses, including Philip Sher. Since the testimony was filed, we have identified an error in Mr. Sher's testimony in need of correction prior to hearing.

Page 17 of Mr. Sher's testimony references an interpretation by the Pipeline and Hazardous Materials Safety Administration ("PHMSA") identified as Interpretation 192.201 13, dated February 1, 1982. Interpretation 192.201 13 is also referenced on pages 18 and 19 of Mr. Sher's testimony, and a copy of that interpretation is Attachment F to his testimony.

The reference to PHMSA Interpretation 192.201 13 is an error. Instead, Mr. Sher's testimony should have referenced Interpretation 192.201 14. In addition, Interpretation 192.201 14 should have been provided as Attachment F to Mr. Sher's testimony.

To correct this error, enclosed please find seven copies of:

- (1) Corrected pages 17-20 to Mr. Sher's testimony replacing the references to Interpretation 192.201 13 with references to Interpretation 192.201 14 (in both clean and redline versions); and
- (2) A corrected Attachment F to Mr. Sher's testimony.

The enclosed should be substituted for the erroneous pages in Mr. Sher's testimony that were supplied with the Company's August 11, 2015 filing.
