Debra A. Howland, Executive Director
New Hampshire Public Utilities Commission
21 South Fruit Street, Suite 10
Concord, NH 03301

Re: DE 15-271, Electric Distribution Utilities
Examination of Electric Distribution Utility Interconnection and Queue Management
Processes for Net-Metered Customer-Generators
Request to Cancel August 12 Technical Session

Dear Ms. Howland:

I write to request that the Commission cancel the technical session scheduled for Wednesday, August 12, 2015, for the following reasons. Staff, the parties, and other interested stakeholders met in a technical session on August 6 and made further substantial progress toward agreement on a process for managing the net metering queue. The current document is a detailed outline. Staff believes the next step is to expand the outline into a full document that would be appropriate for Commission consideration and approval. Staff will share the proposed expanded document with the service list. Staff thus submits that a technical session held on August 12 would not be productive. Staff advised those present at the August 6 technical session that we may seek to cancel the August 12 session and no party objected, although Staff did not take a formal poll. Staff has informed the parties that they may continue to submit comments to the service list as we work toward a more complete document. For these reasons, Staff asks that the Commission cancel the August 12 session.

Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael J. Sheehan".

Michael J. Sheehan, Esq.
Staff Counsel
