Re: DE 15-271, Examination of Electric Distribution Utility Interconnection and Queue Management Processes for Net-Metered Customer-Generators Permitting Filing of Responsive Comments Regarding Proposed Procedures

To the Parties and Stakeholders:

Several parties have filed written comments on the proposed Net Metering Program Capacity Allocation Procedures (Procedures) that were developed by Staff with input from the electric distribution utilities and other interested parties. In certain cases, these comments are detailed and extensive in scope. The Commission therefore has determined that parties should have an opportunity to file additional comments in response to these filed comments.

Accordingly, parties and other stakeholders may submit responsive written comments regarding the proposed Procedures until January 29, 2016.

Sincerely,

A handwritten signature in cursive script that reads "Debra A. Howland".
