RE: Docket No. DE 15-271, Electric Distribution Utilities

Examination of Electric Distribution Utility Interconnection and Queue Management
Processes for Net-Metered Customer-Generators

Notice to Commission Pursuant to Puc 908.07

Dear Director Howland:

Pursuant to N.H. Code Admin. Rules Puc 908.07(a)(3), distribution utilities such as Public Service Company of New Hampshire d/b/a Eversource Energy ("Eversource") are required to "Notify the commission within 10 business days when the distribution utility has reached the limits identified in Puc 903.02(b) of its annual peak energy demand limit mandated by RSA 362- A:9, I." Under Puc 903.02(b), Eversource's limit is 36.55 MW of generating capacity.

Eversource hereby notifies the Commission that Eversource reached the relevant limit on January 21, 2016. On that same day, Eversource posted a notice regarding the limit on its website. For reference, a copy of that website posting is attached to this letter.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,

Matthew J. Fossum
Senior Counsel
