December 14, 2015

Chairman Martin P. Honigberg
New Hampshire Public Utilities
12 South Fruit Street, Suite 10
Concord, N.H. 03301

Dear Chairman Honigberg,

On December 8, 2015, Liberty Utilities presented to the Board of Selectmen a detailed plan for the expansion of natural gas in our community titled "Liberty Utilities Natural Gas Franchise for Pelham".

During presentation, Liberty Utilities representatives were asked a number of questions relating to the initial roll out of the project, logistical issues and the potential impact to our community.

We learned that our citizens will be served from a new tap off of the existing Concord Lateral and the initial system buildout would allow connections to municipal and school buildings. This would provide a huge cost saving to the Town of Pelham and our citizens.

At the conclusion of the presentation, the Board of Selectmen voiced support for this project as it will enhance the Town's infrastructure, offer an alternate source of energy for our citizens and reduce our reliance on fossil fuels.

In closing, please accept this letter from the Town of Pelham as our endorsement and support for this project.

Sincerely,

Harold Lynde
Chairman, Board of Selectmen
