RE: Docket DG 15-362: Northern Utilities, Inc.'s Revised Tariff

Dear Ms. Howland,

In a Secretarial Letter dated May 9, 2016, the Commission terminated the intervenor status of Northern Utilities, Inc. ("Northern" or the "Company") in the above-referenced proceeding and directed Northern to revise its Tariff to delete any reference to the Town of Pelham.

Northern filed revised tariff pages to the Commission indicating certain changes to update and accurately reflect its service territory, including the removal of references to Pelham, as well as other changes, on February 29, 2016. By Secretarial Letter dated March 2, 2016, the Commission assigned docket number DG 16-273 in connection with the matter. Thus, Northern had made the required revision prior to the date of the Commission's order in a separate docketed proceeding.
