**Re: Docket No. DE 15-XXX
Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities
Proposed Tariff Amendment to Qualifying Facilities**

Dear Director Howland:

Consistent with RSA 378:3 and PART Puc 1605 relating to service or tariff changes other than a full rate case, Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities ("Liberty" or the "Company") herein proposes to amend the terms of its tariff relating to Qualifying Facilities on page 10 of the Company's tariff, NHPUC No. 19. The purpose of the proposed change is to eliminate the need for Qualifying Facilities to provide the Company with an invoice for payment of net energy sales.

Consistent with Puc 1605.02, enclosed for filing are one original and two copies of this cover letter and annotated and clean tariff pages showing the proposed changes. Consistent with RSA 378:3, Liberty proposes that the changes become effective January 17, 2016, unless otherwise ordered by the Commission.

Thank you for your assistance with this matter. Please do not hesitate to contact me should you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Sheehan".
