RE: DM 15-514, Clearview Electric, Inc. d/b/a Clearview Energy Competitive  
Electric Power Supplier Application Deficiency Letter - Request for  
Additional Information

Executive Director Howland,

Clearview Electric Inc. d/b/a Clearview Energy ("Clearview") received the  
above referenced "Deficiency Letter" from the commission on January 25,  
2016. In that letter Clearview was directed to replace the original  
surety bond Clearview submitted in its application to become a Competitive  
Electric Power Supplier in New Hampshire.

Please find the enclosed replacement bond, which meets all requested  
alterations included in the commission's letter.

The Surety and Clearview respectfully request that the original bond be  
returned to them, and I have enclosed a pre-paid UPS label for your  
convenience.

Respectfully submitted,

Jeremy Reed
