Dear Director Howland:

On behalf of The Jordan Institute, Resilient Buildings Group, and the myriad interested parties we represent and our interest in pursuing fair net-metering policies and tariffs, we heartily thank you and the Commissioners for suspending the Domestic Distributed Energy Resources component of Unitil's Rate Case, DE 16-384. While we do not have the time or resources to intervene on that docket, we certainly have the time and resources to say Thank You.

Most sincerely,

Laura Richardson
