This is a contract for the supply of electricity between you ("Customer") and PNE Energy Supply, LLC d/b/a ("PowerNE"). PowerNE is a New Hampshire based Limited Liability Company, and is a registered Competitive Electricity Power Supplier ("CEPS") with the New Hampshire Public Utilities Commission ("PUC") under the name PNE Energy Supply, LLC, for the sale of residential, small commercial and industrial electricity supply. Customer has either contracted with PowerNE directly, or retained the services of a registered aggregator who has signed with PowerNE on Customer's behalf.

PowerNE offers the Customer a new electricity supply rate only. Customer's current local utility company will continue to charge for costs associated with the Delivery Services portion of the utility bill which include transmission and distribution charges, system benefits, taxes and stranded costs associated with servicing the power lines to Customer's home or place of business. Customer's utility company is responsible for any and all issues not related to the cost of electricity supply including but not limited to power outages and meter malfunctions. In those cases, Customer should immediately contact their local utility company (i.e. Eversource). **See Local Utility Services section for more.**

Customer should read the PowerNE Business Electricity Supply Services Contract Terms and Conditions carefully. If Customer is unhappy with any terms or conditions, including price and length of term, they may rescind their contract within the PUC mandated rescission period, without fee. Contract acceptance by PowerNE is contingent on Customer payment history with local utility company. For the purpose of this contract, Business accounts are defined by PowerNE as using no more than a twelve month historic monthly average of 10,000 kWh, calculated at the time of enrollment. PowerNE, at its sole discretion, reserves the right to offer accounts that exceed this threshold a PowerNE Market Product or to continue with the enrollment at it was received. Power is not obligated to provide the rate and term selected upon enrollment to such accounts. If Customer has any questions regarding this threshold, please contact the PowerNE office via phone (603.413.6602) or email ([Info@powerne.com](mailto:Info@powerne.com)).

**Rate:** Customer's new electricity supply rate will be the rate confirmed by Customer through the enrollment submission, and can be found in the enrollment confirmation or renewal notice.

**Contract Date:** Customer contract date is the date of the enrollment per the enrollment confirmation or renewal notice.

**Length of Contract:** Contracts with PowerNE may take 1 to 3 billing cycles to take effect. Meter read dates are scheduled by the local utility and cannot be changed by PowerNE. PowerNE is not responsible for delays in service due to inaccurate enrollment information or a change in scheduled meter read dates by the local utility.

- a. **Fixed Rate Customers:** This contract shall commence on the Customer's next available meter read date in accordance with the rate plan confirmed and remain in effect for the subsequent term specified in the enrollment confirmation or renewal notice.
- b. **Variable Rate Customers:** This contract shall commence on the Customer's next available meter read date in accordance with the rate plan confirmed in the Customer's enrollment confirmation, and will auto renew on a monthly basis, until such time as Customer terminates with PowerNE or PowerNE chooses to terminate relationship with the Customer.

**Hold Over Price (Fixed Rate Customers Only):** After Customer's contract has expired with PowerNE, Customer or Customer's Agent may request to return to the utility, re-sign with PowerNE for a subsequent term, or change to another CEPS. If Customer remains with PowerNE, but does not contract for another rate plan, Customer will be charged a Hold Over Price, which is a monthly market based rate plus an adder not to exceed \$0.04 per kWh. In the event that PowerNE does not immediately charge the Hold Over Price, PowerNE does not waive the right to charge a Hold Over Price in some subsequent months.

**Renewal (Fixed Rate Customers Only):** Fixed rate contracts will automatically renew at the natural expiration of Customer's current agreement if a new rate is offered by PowerNE. Contract expiration notices containing Customer's renewal options, including any available rate plans, will be sent via Customer's preferred method of contact **between 60 and 45 days prior** to the natural expiration of customer's contract. Notices will be delivered via Customer's specified preference (i.e. Email or USPS) and PowerNE is not responsible for any unopened or missed renewal notices. Customers wishing to cancel prior to their renewal must do so no later than the Opt Out date written in the renewal notice. Opt Out requests received after the Opt Out date may be subject to the Early Termination Fee below.

**Termination:** Customer may terminate this agreement at any time, subject to the Early Termination Fee, as described below. Notice of Customer's desire to terminate service may be submitted by; Phone\*, USPS, Email, Fax.

\* Notice via phone may require additional information to confirm termination.

#### **Early Termination Fee:**

- a. **Fixed Rate Customers:** If Customer cancels their PowerNE service for any reason including but not limited to enrollment with another CEPS, at any time prior to the natural expiration of their contract, PowerNE may assess them with a one-time **Early Termination Fee**. Fee will be equal to two months of Customer's average monthly usage multiplied by the contracted rate.
- b. **Variable Rate Customers:** Customer may cancel with 45-day notice to PowerNE to terminate service (i.e. Eversource). In the event that Customer does not provide 45-day's notice\*, PowerNE reserves the right to assess a one-time fee of \$90.

**Local Host Utility Services:** The local utility (i.e. Eversource) will continue to deliver electricity to Customer's home or place of business, read Customer's meter(s), issue Customer's bill and make repairs should Customer have an outage or issue with service. The local utility will also respond to emergencies and provide traditional

utility services. The cost of electricity supply that Customer purchases from PowerNE will be included in the local utility monthly bill, unless billing service is unavailable from the local utility, in which case Customer will receive a separate PowerNE bill.

**Deposit:** PowerNE does not require a deposit currently.

**Budget Billing:** Budget Billing is available through the Customer's local utility company.

**Billing:** Residential and Small Commercial Customers will continue to be billed by the local utility company (i.e. Eversource) on the regular monthly invoice. Customer's local utility company serves as billing agent on behalf of PowerNE. A section on the monthly utility invoice will outline the PowerNE electricity supply charge in the place of the utility supply charge. The contact information for the local utility company may be found on the most recent utility invoice for billing questions.

**Billing Agent Information:** Eversource, P.O. Box 650047, Dallas, TX 75265-0047 (800) 662-7764

**Late Penalties, Charges, and Fees:** Customer's payments are due per the rules of their utility billing agent.

**Non-payment by Customer:** Unless Customer is on a payment plan or budget billing and is current on the payment plan or budget billing, if due to customer's non-payment there remains an outstanding balance due to PowerNE for more than thirty (30) days following written notice from PowerNE to Customer. The PowerNE reserves the right to terminate Customer's agreement with PowerNE and return the account to the local utility default service. In addition to invoicing Customer for any amounts still owed at the time of termination, Customer will be responsible for **Early Termination Fee** described above.

If PowerNE is compelled to pursue Customer for non-payment through the legal system and PowerNE is awarded any amount owed, Customer shall be responsible for PowerNE's reasonable costs associated with successful collection and pursuit, including legal fees.

**Note:** Electricity Disconnection can only be performed by the Customer's local default utility, per the disconnect rules set forth in PUC 1200. PowerNE cannot disconnect Customer's power for any reason.

**Customer Relocation:** In the event that Customer relocates within the PowerNE service territory while under contract with PowerNE for electricity supply, Customer must contact PowerNE **thirty (30) days prior** to the relocation in order to begin account transfer and avoid **Early Termination Fee**. If Customer relocates while under contract with PowerNE and does not transfer their new account to PowerNE on the next scheduled meter read date, PowerNE may assess **Early Termination Fee**. Customers that relocate out of PowerNE service territory while under contract with PowerNE may be assessed **Early Termination Fee**.

**Customer Dispute Resolution:** If Customer wishes to dispute any Electricity Supply Charge, invoice, notice, or service provided under these Terms and Conditions, Customer may call PowerNE at (603) 413-6602. Please note that PowerNE has no control over the local utility company charges. Please be sure to check the utility invoice first to confirm that the item at issue relates the electricity supply charge. Otherwise, PowerNE recommends calling the local utility company to resolve the issue. Customer has the right to file a complaint with the New Hampshire Public Utilities Commission (NHPUC) at (800) 852-3793 after you have attempted to resolve a dispute with PowerNE.

Customer will have the option to choose another CEPS or return to default service offered by Customer's local utility company.

**Mid Cycle Meter Reads: Conditional upon the distribution utility performing mid cycle meter reads in accordance with PUC 2000.** Customer authorizes PowerNE to act on its behalf when requesting Customer's utility to perform a Mid Cycle Meter Read for any of Customer's account(s) placed with PowerNE.

**Payment and Usage History Authorization:** Customer grants access to and authorizes PowerNE to review any and all payment and usage history in the possession of Customer's host utility.

**Return to the Utility:** PowerNE may, at any time, return Customer's account to their host utility during the term of Customer's contract. Such reasons for Customer return to utility may include, but are not limited to: Change in market Conditions, Change in Law or Regulation, (Electronic Data Interchange) EDI Error, Assignment to new Competitive Electricity Provider, etc...

This is a contract for the supply of electricity between you ("Customer") and PNE Energy Supply, LLC d/b/a ("PowerNE"). PowerNE is a New Hampshire based Limited Liability Company, and is a registered Competitive Electricity Power Supplier ("CEPS") with the New Hampshire Public Utilities Commission ("PUC") under the name PNE Energy Supply, LLC, for the sale of residential, small commercial and industrial electricity supply. Customer has either contracted with PowerNE directly, or retained the services of a registered aggregator who has signed with PowerNE on Customer's behalf.

PowerNE offers the Customer a new electricity supply rate only. Customer's current local utility company will continue to charge for costs associated with the Delivery Services portion of the utility bill which include transmission and distribution charges, system benefits, taxes and stranded costs associated with servicing the power lines to Customer's home or place of business. Customer's utility company is responsible for any and all issues not related to the cost of electricity supply including but not limited to power outages and meter malfunctions. In those cases, Customer should immediately contact their local utility company (i.e. Eversource). See **Local Utility Services** section for more.

Customer should read the **PowerNE Residential Electricity Supply Services Contract Terms and Conditions** carefully. If Customer is unhappy with any terms or conditions, including price and length of term, they may rescind their contract within the PUC mandated rescission period, without fee. Contract acceptance by PowerNE is contingent on Customer payment history with local utility company. PowerNE reserves the right to terminate contract with any account where the average usage goes below 150 kWh per month in any month subsequent to contracting with PowerNE.

**Rate:** Customer's new electricity supply rate will be the rate confirmed by Customer through the enrollment submission, and can be found in the enrollment confirmation or renewal notice.

**Contract Date:** Customer contract date is the date of the enrollment per the enrollment confirmation or renewal notice.

**Length of Contract:** Contracts with PowerNE may take 1 to 3 billing cycles to take effect. Meter read dates are scheduled by the local utility and cannot be changed by PowerNE. PowerNE is not responsible for delays in

**b. Variable Rate Customers:** This contract shall commence on the Customer's next available meter read date in accordance with the rate plan confirmed in the Customer's enrollment confirmation, and will auto renew on a monthly basis, until such time as Customer terminates with PowerNE or PowerNE chooses to terminate relationship with the Customer.

**Hold Over Price (Fixed Rate Customers Only):** After Customer's contract has expired with PowerNE, Customer or Customer's Agent may request to return to the utility, re-sign with PowerNE for a subsequent term, or change to another CEPS. If Customer remains with PowerNE, but does not contract for another rate plan, Customer will be charged a Hold Over Price, which is a monthly market based rate plus an adder not to exceed \$0.04 per kWh. In the event that PowerNE does not immediately charge the Hold Over Price, PowerNE does not waive the right to charge a Hold Over Price in some subsequent months.

**Renewal (Fixed Rate Customers Only):** Fixed rate contracts will automatically renew at the natural expiration of Customer's current agreement. Contract expiration notices containing Customer's renewal options, including any available rate plans, will be sent via Customer's preferred method of contact between 60 and 45 days prior to the natural expiration of customer's contract. Notices will be delivered via Customer's specified preference (i.e. Email or USPS) and PowerNE is not responsible for any unopened or missed renewal notices. Customers wishing to cancel prior to their renewal must do so no later than the Opt Out date written in the renewal notice. **Local Host Utility Services:** The local utility (i.e. Eversource) will continue to deliver electricity to Customer's home or place of business, read Customer's meter(s), issue Customer's bill and make repairs should Customer

have an outage or issue with service. The local utility will also respond to emergencies and provide traditional utility services. In addition to invoicing Customer for any amounts still owed at the time of termination, Customer will be responsible for **Early Termination Fee** described above. This is a contract for the supply of electricity between you ("Customer") and PNE Energy Supply, LLC d/b/a ("PowerNE"). PowerNE is a New Hampshire based Limited Liability Company, and is a registered Competitive Electricity Power Supplier ("CEPS") with the New Hampshire Public Utilities Commission ("PUC") under the name PNE Energy Supply, LLC, for the sale of residential, small commercial and industrial electricity supply. Customer has either contracted with PowerNE directly, or retained the services of a registered aggregator who has signed with PowerNE on Customer's behalf.

PowerNE offers the Customer a new electricity supply rate only. Customer's current local utility company will continue to charge for costs associated with the Delivery Services portion of the utility bill which include transmission and distribution charges, system benefits, taxes and stranded costs associated with servicing the power lines to Customer's home or place of business. Customer's utility company is responsible for any and all issues not related to the cost of electricity supply including but not limited to power outages and meter malfunctions. In those cases, Customer should immediately contact their local utility company (i.e. Eversource). **See Local Utility Services section for more.**

Customer should read the PowerNE Business Electricity Supply Services Contract Terms and Conditions carefully. If Customer is unhappy with any terms or conditions, including price and length of term, they may rescind their contract within the PUC mandated rescission period, without fee. Contract acceptance by PowerNE is contingent on Customer payment history with local utility company. For the purpose of this contract, Business accounts are defined by PowerNE as using no more than a twelve month historic monthly average of 10,000 kWh, calculated at the time of enrollment. PowerNE, at its sole discretion, reserves the right to offer accounts that exceed this threshold a PowerNE Market Product or to continue with the enrollment at it was received. Power is not obligated to provide the rate and term selected upon enrollment to such accounts. If Customer has any questions regarding this threshold, please contact the PowerNE office via phone (603.413.6602) or email ([Info@powerne.com](mailto:Info@powerne.com)).

**Contract Date:** Customer contract date is the date of the enrollment per the enrollment confirmation or renewal notice.

**Length of Contract:** Contracts with PowerNE may take 1 to 3 billing cycles to take effect. Meter read dates are scheduled by the local utility and cannot be changed by PowerNE. PowerNE is not responsible for delays in service due to inaccurate enrollment information or a change in scheduled meter read dates by the local utility.

- b. **Variable Rate Customers:** This contract shall commence on the Customer's next available meter read date in accordance with the rate plan confirmed in the Customer's enrollment confirmation, and will auto renew on a monthly basis, until such time as Customer terminates with PowerNE or PowerNE chooses to terminate relationship with the Customer.

**Hold Over Price (Fixed Rate Customers Only):** After Customer's contract has expired with PowerNE, Customer or Customer's Agent may request to return to the utility, re-sign with PowerNE for a subsequent term, or change to another CEPS. If Customer remains with PowerNE, but does not contract for another rate plan, Customer will be charged a Hold Over Price, which is a monthly market based rate plus an adder not to exceed \$0.04 per kWh. In the event that PowerNE does not immediately charge the Hold Over Price, PowerNE does not waive the right to charge a Hold Over Price in some subsequent months.

**Renewal (Fixed Rate Customers Only):** Fixed rate contracts will automatically renew at the natural expiration of Customer's current agreement if a new rate is offered by PowerNE. Contract expiration notices containing Customer's renewal options, including any available rate plans, will be sent via Customer's preferred method of contact **between 60 and 45 days prior** to the natural expiration of customer's contract. Notices will be delivered via Customer's specified preference (i.e. Email or USPS) and PowerNE is not responsible for any unopened or missed renewal notices.
