Debra A. Howland, Executive Director  
NH Public Utilities Commission  
21 S. Fruit Street  
Concord, NH 03301-2429

**Dear Ms. Howland;**

Please find the enclosed copies required to file a formal complaint against Tom Mason/Lakes Region Water Company.

After many requests for a rule, regulation or tariff to justify Lakes Region Water Co. charging me an additional fixed base charge and receiving nothing more than superfluous explanations and continuing threats of water shut off for non payment, I have exhausted my energies trying to resolve this matter with both Lakes Region Water Co. and Mr. Mark Naylor necessitating this request for a formal hearing.

I thank you in advance for your time and attention to this matter and I look forward to resolute resolve.

Sincerely,

Robert Mykytiuk
