**Concord, NH. 03301-2429**

**Dear Ms. Howland,**

After reading the response from Lakes Region Water Company I am not surprised to once again find nothing more than contradictions and superfluous information which they beneficially interpret to be they're justification for an additional fix base charge.

I once again thank you for your time and I look forward to our hearing where we can resolve this matter once and for all.

Sincerely,

Robert Mykytiuk
